# CONTENTS

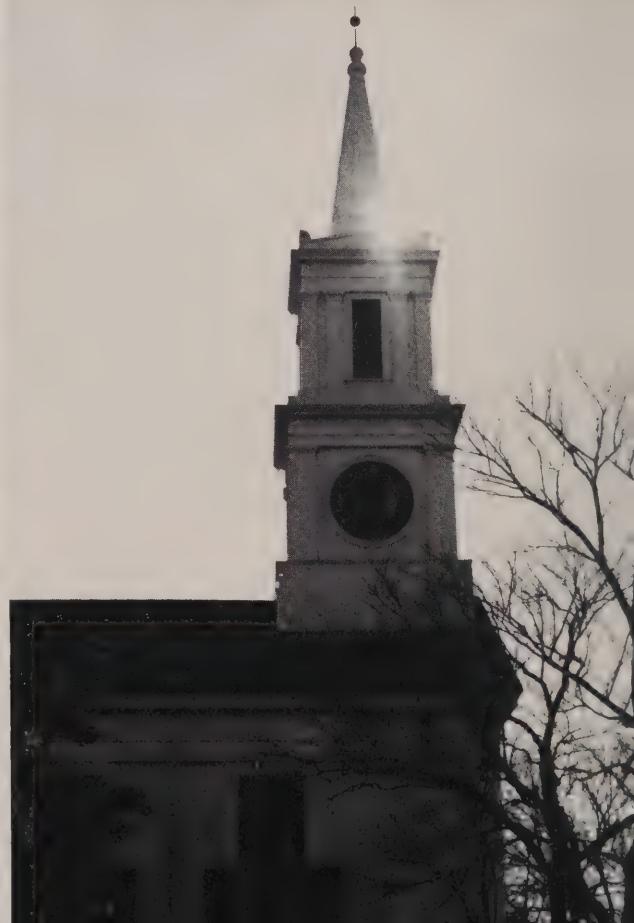

*There is no other door to knowledge  
than the door nature opens; and there  
is no truth except the truths we dis-  
cover in nature.*

*Luther Burbank*

*"Half the pleasure of solitude comes from having with us  
some friend to whom we can say how sweet solitude is."*

*William Jay*

*"There is a pleasure in the pathless woods,  
There is a rapture on the lonely shore,  
There is society, where none intrudes,  
By the deep sea, and music in its roar."*

*Lord Byron*

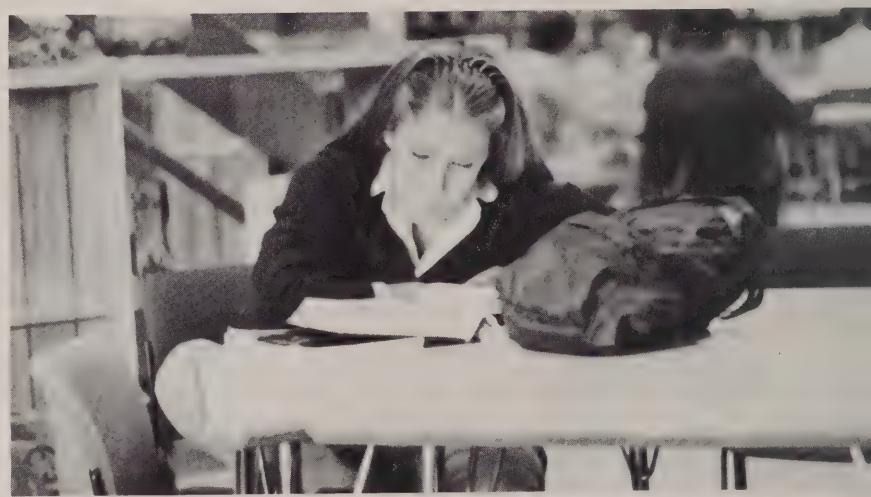

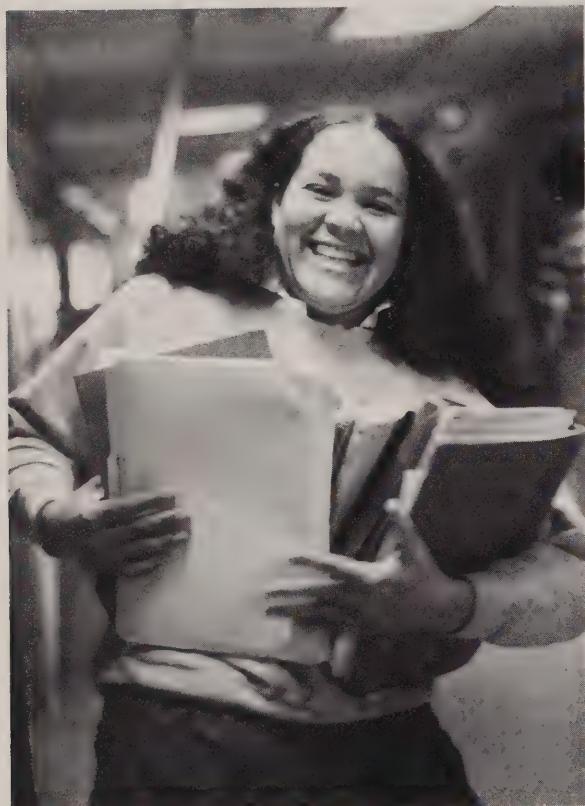

*"We come into this world like brother and  
brother;  
And now let's go hand in hand, not one  
before another."*

Shakespeare

*"We are not permitted to choose  
the frame of our destiny. But  
what we put into it is ours.  
He who wills adventure will  
experience it — according to  
the measure of his courage."*

Hammerskjold

*Cape Cod is more than just a place to us.*

*It's our way of life.*

*The Cape is the perennial pilgrimage of tourists,*

*And a crowd at Craigville Beach.*

*It is hazy summer days, sizzling sand, and*

*Clear, cool water.*

*It is a harvest moon and Homecoming Day*

*And the brief brilliance of our sparse foliage.*

*The Cape means the crashing of angry waves*

*Which interrupt the silence of snow falling on the beach.*

*It means skating on ice covered cranberry bogs*

*And the roar of the crowd at hockey games.*

*Then comes spring fever, frisbee throwing and baseball,*

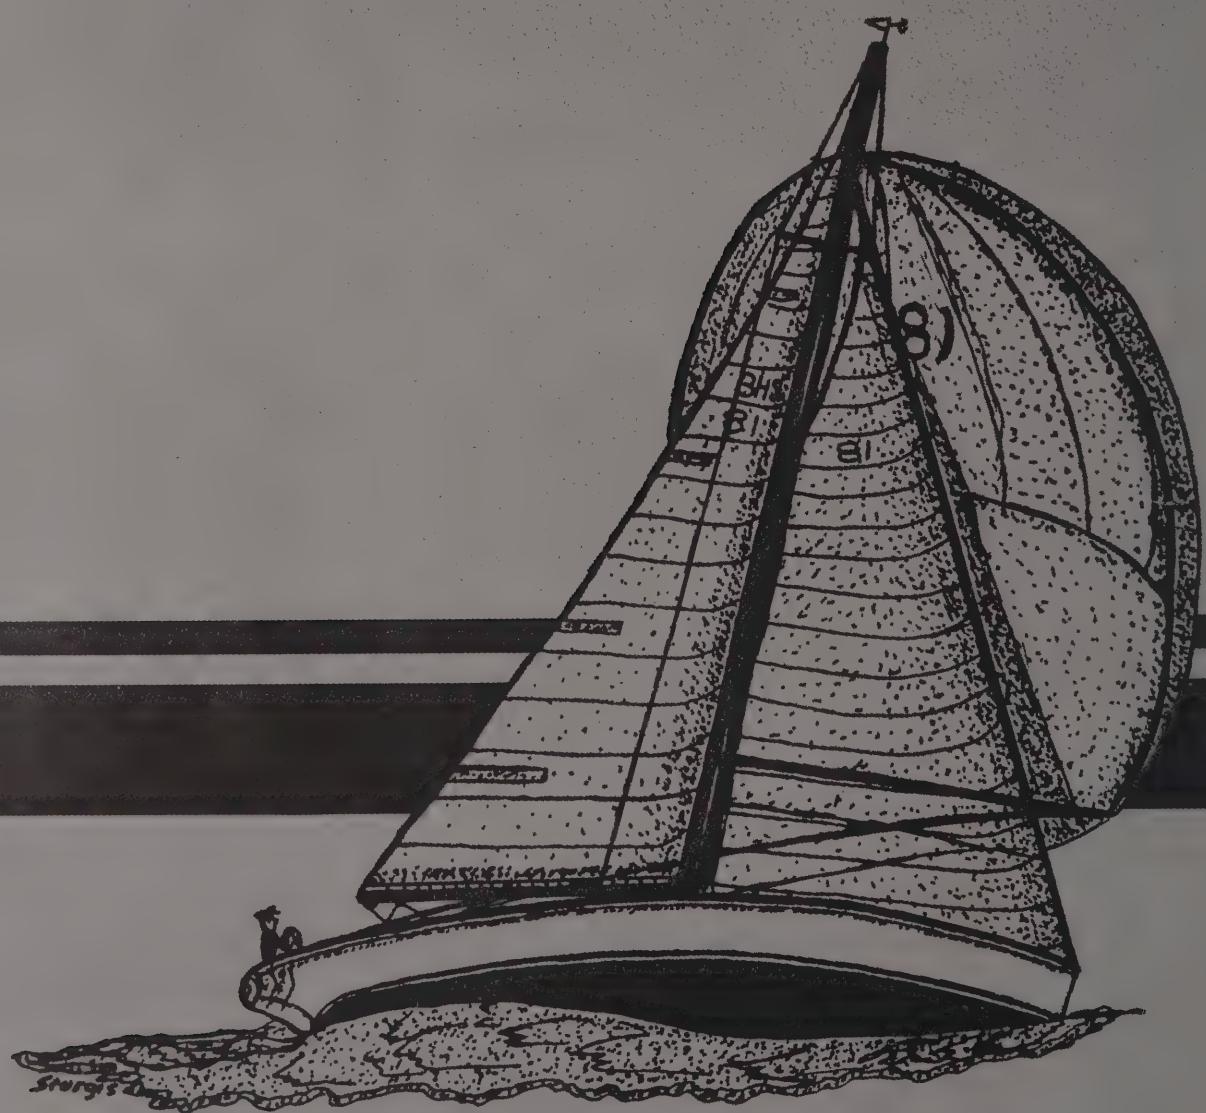

*The first sunburn of the year, proms, and promises*

*That more tourists are on their way!*

*Cape Cod is more than just a place to us.*

*It's our way of life.*

*Brian Kelleher*

*In Memory of  
Mr. Charles Howes*

In his forty years of dedication to Barnstable, Mr. Howes coached sports teams and taught various subjects. But, to us, Mr. Howes was more than just a coach and teacher. He was a friend. Mr. Howes touched the hearts of all of us by freely giving his time and advice. In the years to come, his contributions will not be forgotten.

## — LEARNING? —

**ACADEMICS:** a word high school students despise. Most kids will do anything to avoid it. Homework assignments seem to be lost in the clutter of rooms and books usually remain on the top shelves of lockers; but when it comes down to the last dwindling hours before final exams, cramming begins, trying to force a term's worth of information into one's head. Although this is a seemingly impossible task, we have lived through it for four years. For some of us, it has worked miraculously; for others it has failed miserably. Have we really been learning?

It's the little things in life that count,  
The things of every day;  
Just the simple things that we can do,  
The kind words we can say.

The little things like a friendly smile  
For those who may be sad,  
The clasp of a hand or a kindly deed  
To help make someone glad.

Just the little greetings here and there  
On which so much depends,  
The little pleasures that all can share,  
The joy of making friends.

At first the time went by very slow,  
Yet it's gone by quickly, we watched it go,  
We've gone to games and dances too,  
We saw our friends, some old, some new,  
Our teams we cheered for and yelled out loud  
Dressed red and white, that was the crowd.

We laughed, we smiled, we frowned, we cried,  
We won, we lost, we cheated, we lied,  
We're grown up now, almost on our own  
Mature and smarter, these we've shown.  
Some of us are going on to school.  
But whatever you do, don't be a fool;  
For there's a lot out there in this big world —  
You can be taken, used, turned and swirled.

But always remember that you are strong,  
Use your mind and heart, you can't go wrong.  
And when things get rough and you regret what's done  
Sit back, relax and think of the Class of '81.

## SENIOR HOMEROOM REPS

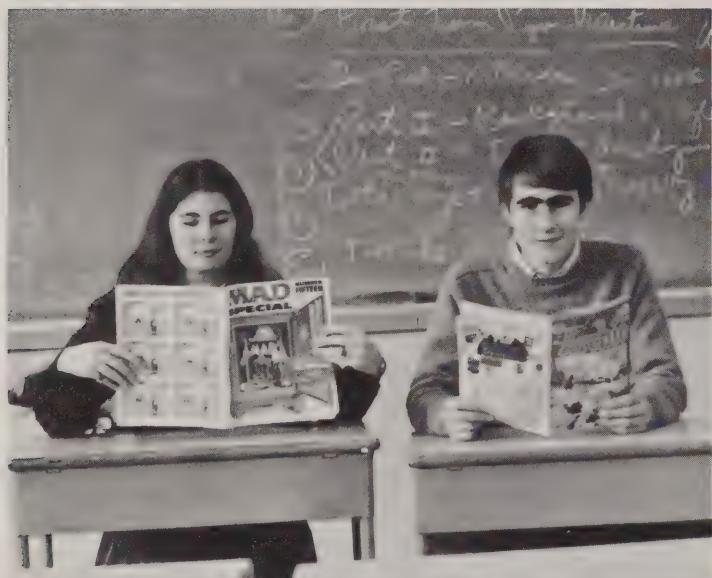

According to Dean Vecchione, "the Homeroom Reps instill morale and spirit in the Senior Class." Class President Lori Greene says, "they represent the interests of their classmates. The Reps are the voice of the Senior Class." The 34 elected Homeroom Reps (two from each of the seventeen homerooms) are the main source of communication between the administration and the students. Their duties include planning activities, forming committees for social functions, and attending meetings.

"This year's seniors have chosen a fine representative group. The Homeroom Reps have been interested, involved, and very enthusiastic," says Miss Vecchione. Lori Greene adds, "the Homeroom Reps have been generous with their time and energy, and yet, their only reward has been satisfaction in serving their class." Miss Vecchione, Lori Greene, and the entire Senior Class greatly appreciate the sincere dedication of the Homeroom Reps.

# A.L.P. PHILOSOPHY

The Alternate Learning Program of Barnstable High School is a "school within a school" that offers a creative and flexible approach to learning. It is a community-centered school with an open atmosphere, designed to provide an educational setting conducive to cultivating the individual potential of each student. It is characterized by smaller classes, a relaxed, informal atmosphere and an air of respect for self and others.

The philosophy of the program is to understand, accept, and motivate each student as a whole person. The A.L.P. values the differences of individuals and their environments and motivates each student to commit him/herself to a continuing process of growth in developing his/her own unique abilities and skills.

Based upon the belief that learning is a lifelong process, that it continues both inside and outside the classroom, that the environment provides the natural base for learning to occur, opportunities for independent studies and frequent interaction with the outside community remain central to the core of the program. Every effort is made to blur and finally eradicate the artificial distinction between life and learning. Its curriculum is diverse and exciting, with community volunteers and resources employed regularly to broaden perspectives and integrate real-life situations with school-orientated learning.

The idea of choice is seen as one of the most important instruments for education, and it is utilized in all aspects of the program. Students are encouraged to evaluate data and resources, see available alternatives, understand the kinds of requirements they will meet throughout life, see education in terms of their own goals, and learn how to make intelligent decisions.

Various options are available to each student in planning his/her course of study. In addition to the conventional course offerings of English, math, social studies, and science, are such electives as aviation, survival cooking, group leadership skills, calligraphy, needle art, creative writing, rock lyric poetry, swimming, career planning, decision making, and values-clarification courses. Course credit is often available for independent study contracts, work-experience programs, and community volunteer work. Students may also elect courses offered in the regular high school curriculum.

The essence of alternative education is communication and cooperation where students and faculty work together with mutual respect and responsibility. The A.L.P. staff and students together make decisions of internal governance in representative government meetings; the Entrance Committee makes decisions pertaining to the admittance of new students; the Policy Committee sets guidelines by which the A.L.P. operates; the Appeals Committee provides an avenue for settling violations of policy.

The A.L.P. offers an important option within the school system, one that sees education in broader terms than the traditional schools and one that offers wider opportunities and greater flexibility through which many students can better fulfill their creative, intellectual, and social potential.

# Six Effortless Ways to Cheat

## NOTE:

Most of these students are National Honor Society members who offered to demonstrate the various and nefarious methods of cheating. Of course, they would never actually engage in these unethical procedures.

Open book test? This is a good move if you want to check out a few answers. The foot just accidentally opens the notebook, and

Haven't you seen this trick used before? It's the old "yawn" trick. It's very effective because this proves to your teacher that you did stay up late to study for his test. But a technique must be perfected to pull it off properly.

Answers on the bottom of shoe, Patty? Make sure the teacher just thinks you have a cramp in your foot or else you could be in serious trouble!

# Your Way Through High School

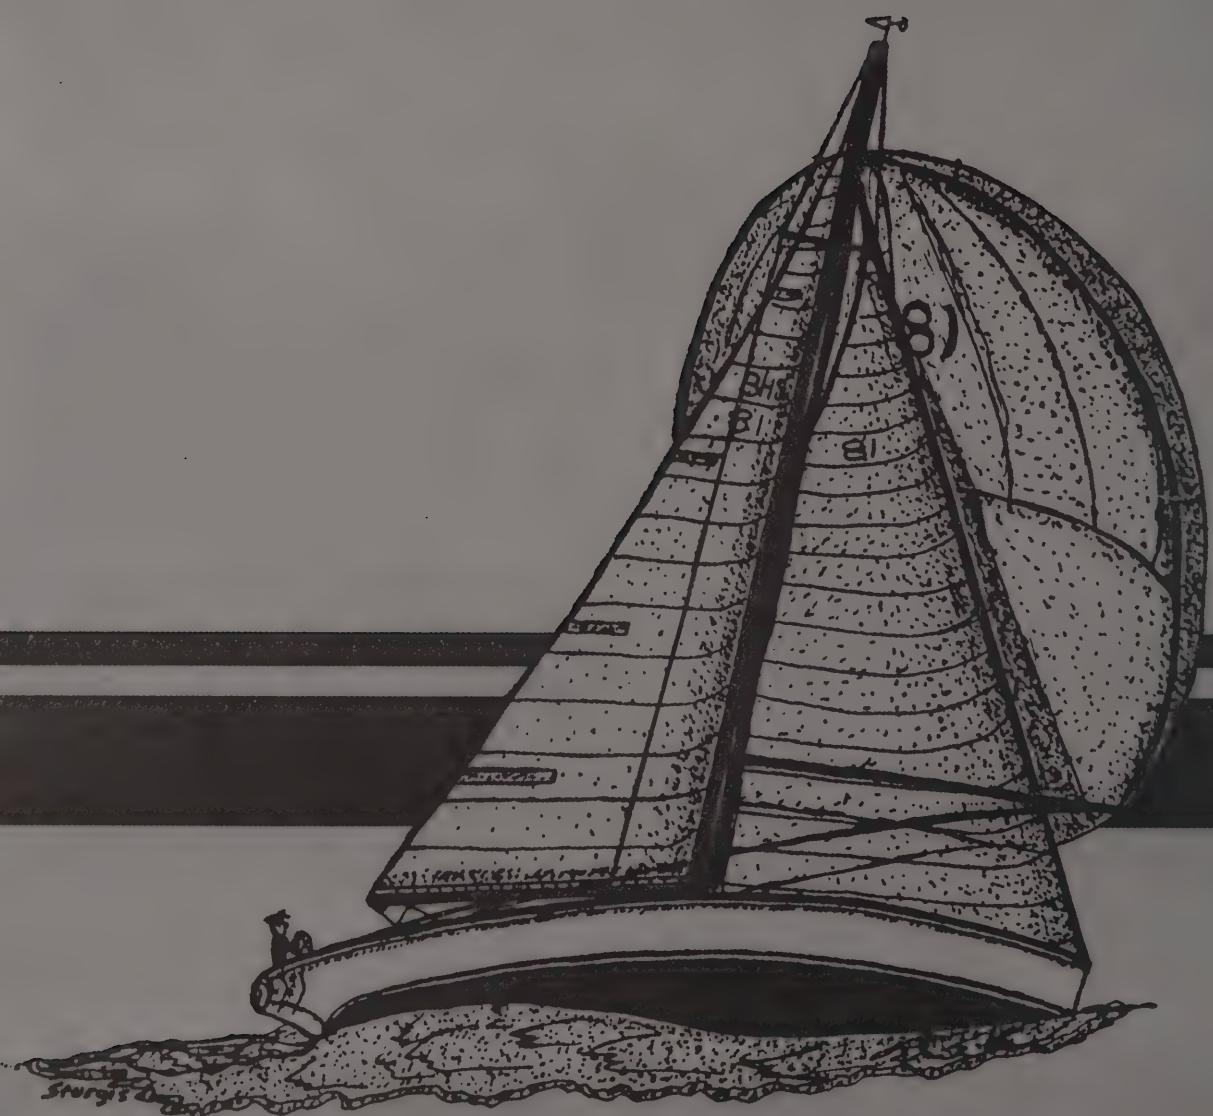

Mr. Hicks!!! For the right amount of cash almost anyone can be bribed.

This method could prove to be the best if you could be in the right place at the right time. You have to have extreme cleverness, an open desk, and no teacher around in order to get away with this.

Crib notes? This widely used method is reliable as long as you can keep them hidden from the teacher and can still be able to read them.

## BASEBALL '80

The 1980 Red Raider baseball team was the SMC I champion and advanced to the quarter finals of the state tourney. Although there were only three seniors on the squad, the team compiled a 16-4 record, and this year's team looks to improve on that record.

The 1980 softball season was a very successful one. The women won the South Eastern Mass. Division I Title. It was the 100% effort of every member which made the championship possible. The team spirit and comraderie of the players were probably their most commendable qualities. Their dedication was admirable. I look forward to my future years with the BHS softball team!!!

Coach Griffin

# BOYS TRACK

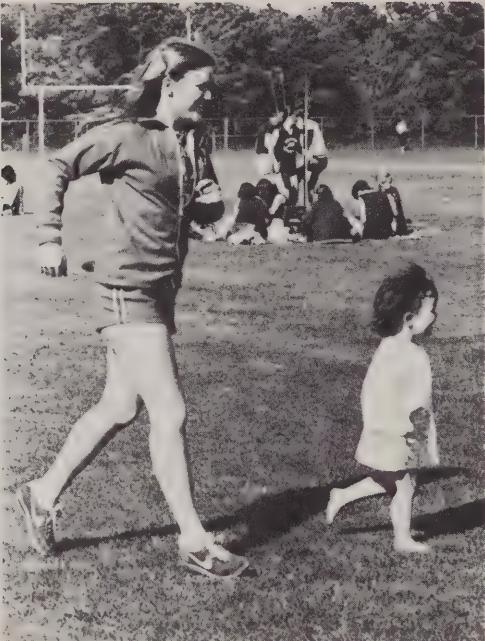

The 1980-1981 Spring Track Team anxiously looks forward to a season where team and individual accomplishments will continue to surpass those of last year's.

With senior letter winners Brian Reid, Ken Ellis, Jeff Rotondo, Eric Thys, Mark Rathbun, Peter Souza, Bill Concha, and Jim Pesczel returning, we have the necessary leadership to improve on last year's 5-3 record.

G. McDowell

# GIRLS SPRING TRACK

The leaders in the Class of 1981 paved the way for another successful track season. The girls demonstrated continual enthusiasm, dedication, and concern for one another.

Success is yours ladies, Go For It –

# BOYS **T**ENNIS '81

In 1980, the boys' tennis team tied for the League Championship with Falmouth and then lost in the semi-finals of the State Tennis Tournament. The overall league record was 13-1.

Six players on the team qualified for the State Individual Tournament, including seniors Eric Prothero, Peter Karolczak, and Todd Blazis.

TO MR. BILL NAYLOR:

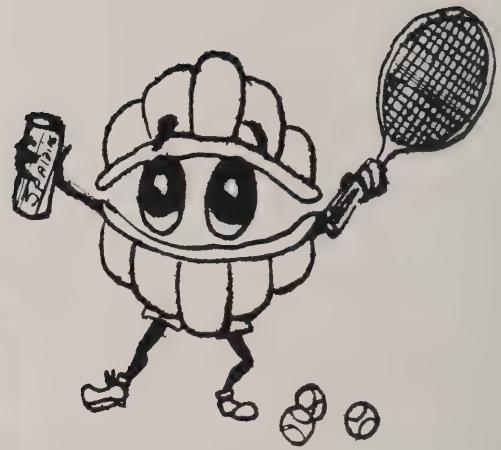

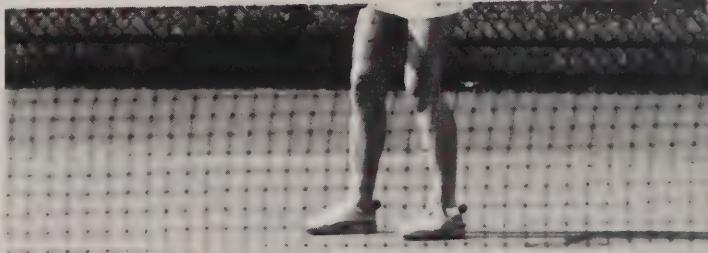

Thanks for the years as our teacher, coach, and friend. Good luck in the future and keep doing those leg lifts!

— The B.H.S.-V-City-T-Ball Teamola

# TENNIS

## SENIORS

The 1979 girls' tennis team had a winning season, with two close wins over D-Y. Strong showings were made by Kathy Eckert and Pat Coté in the Eastern Mass. singles and doubles tournament.

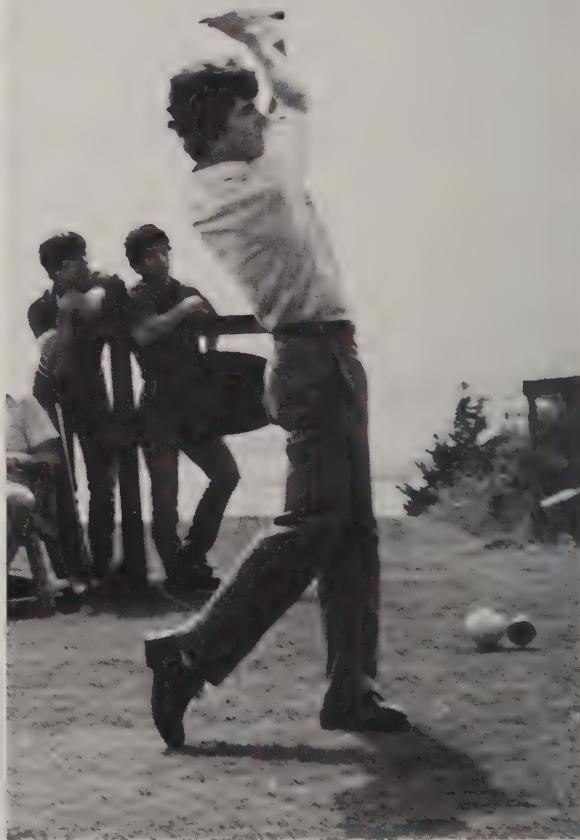

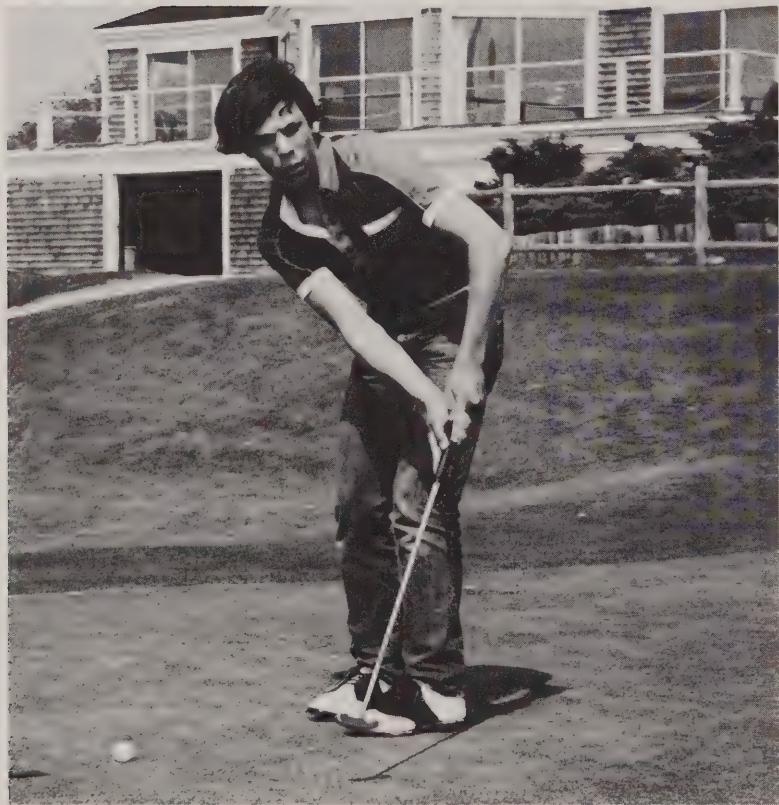

The 1980 team will have five returning varsity players, four of which are seniors. We hope to battle for the league championship and qualify for the state team tournament.

Coach Miles

# 1980 SPRING GOLF

In their 1980 season, the Barnstable High Golf Team had a successful year. Having a record of eleven wins and only one loss, they won the S.M.C. I Division Championship for the sixth time in the last ten years. The team then qualified in Southeastern Mass. for the state finals and finished eighth in the state. Since some of last year's golfers are returning and many good J.V.'s are moving up, Mr. Manning expects another banner year for the golf team.

The team and Coach Kyle celebrate D-Y's defeat

Photo Credit: Ron Schloerb

A major improvement over 1979 season of 1-6 to 6-4 in 1980, we tied for second place in our league. Highlights of the season included ending D-Y's six-year, 61-dual-meet unbeaten streak and our second place finish in the Catholic Memorial Meet in Boston out of 28 schools. This year's success was primarily due to the performance of some gifted seniors: Ken Ellis, Bill Savini, Peter Souza, Mark Rathbun, and Shawn Pickering.

I believe we had a much better team than our record shows (5-6-1); of the 6 games lost, 5 were by one goal and one by 2 goals.

# FIELD HOCKEY

Coaches Spurr and Rushton

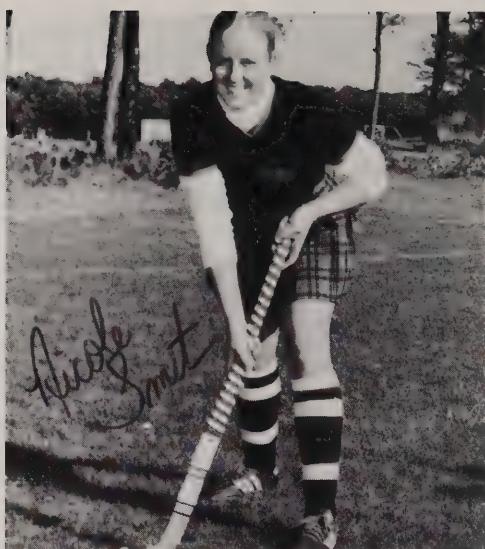

Coaching the field hockey team this year was most enjoyable. We did not do well in the league; however, the enthusiasm for the sport remained high throughout the weeks of practices and games. I attribute this to the four seniors members: Betsy Ryan, Deb Jackson, Cheryl Rockwood, and Nicole Smit, and to the overall positive attitude towards sport that the female athletes possess at Barnstable High School.

This year's girls' basketball team has improved tremendously. The on-the-court leadership of co-captains Cheryl Rockwood and Dionne Joakim has been essential to the team's success. The contributions of Tammy Backholm, Lisa Goveia, and Sharon Edquist will certainly be missed next year.

I have really enjoyed coaching this year's team and hope that next year we will have the same kind of dedication and enthusiasm that the girls exhibited during the course of this season.

## WINTER TRACK

# WINTER TRACK, 1981

1-3-1 It's a cliche, but our record doesn't tell the story. After beating D-Y soundly, we had two losses, one to Falmouth, who won the league, and another to New Bedford, who is a Class "A" school, and their depth was devastating. A tie with New Bedford Voke was satisfying after 20 of the 28 athletes set personal records that night. Unfortunately, we lost our last meet to a perennially strong Taunton team 44-42 due to poor performances in the high jump.

Under the excellent training of head coach Bill McGoldrick, the girl's gymnastics team had a terrific season. The team had many close meets, as seen in the 79.3-79.6 loss to D-Y. Coach McGoldrick stated that the team's best effort came against defending champs Somerset, losing, however, 120.5-97.4. Many team members had outstanding seasons; Ellen Crocker, Anne Farley, and Bobbi Tobojka were mentioned for their great team efforts. Other team members who also did extremely well are Tammy Foster, Cindy Higgins, Jessica Kimball, and Lisa Segerman. Everyone contributed to the success of the team which will be another strong contender next year.

## NEWS BREAK

7:45

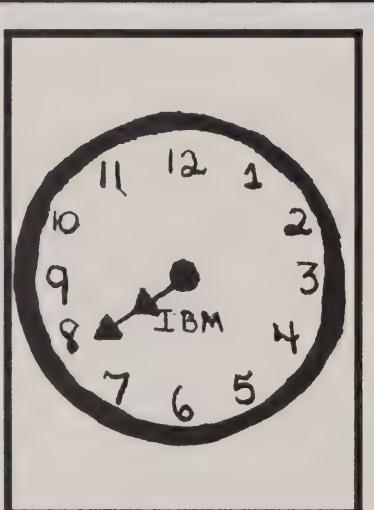

There's been a news flash! Nicole Smit has just found out an important piece of "news" and feels obligated to tell it to anyone who will listen. Remember: A rumor a day keeps boredom away.

## NO BREAK

8:40

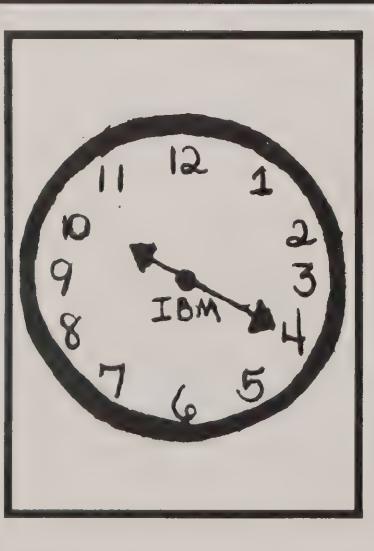

The passing bell to homeroom has just rung, but Pat is still trying to cram in those last details about the future form of *savoir* and how to form the imperative for her French test second period. Don't worry, take a break, Pat, you still have all of homeroom to study in, plus you probably know it anyway . . .

## DRAG BREAK

10:20

It's only 10:20 and these kids are out in the smoking area to get a few quick ones before *perhaps* going to their next class.

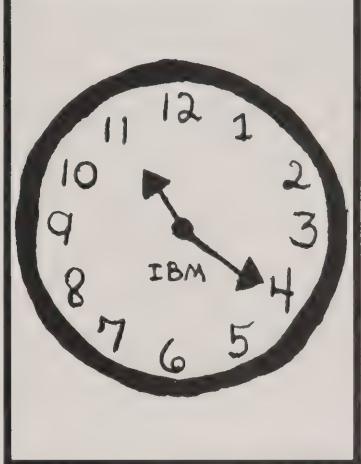

# Time for a Study Break

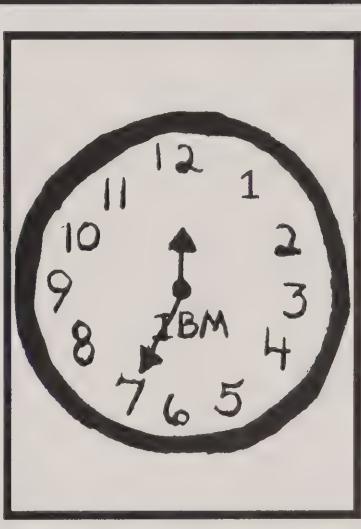

## LUNCH BREAK 11:20

Time for lunch, dinner, and . . . John had to get down to the cafe before the rush struck, so he could grab a snack or two, or three . . .

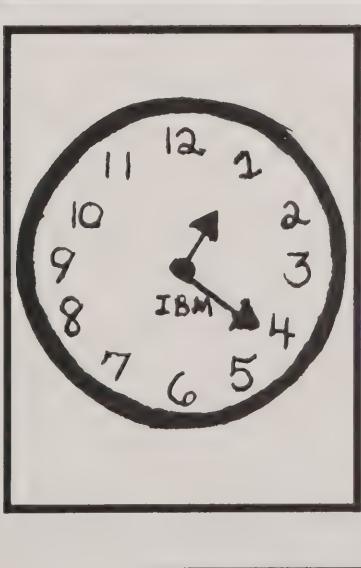

## ENERGY BREAK 12:35

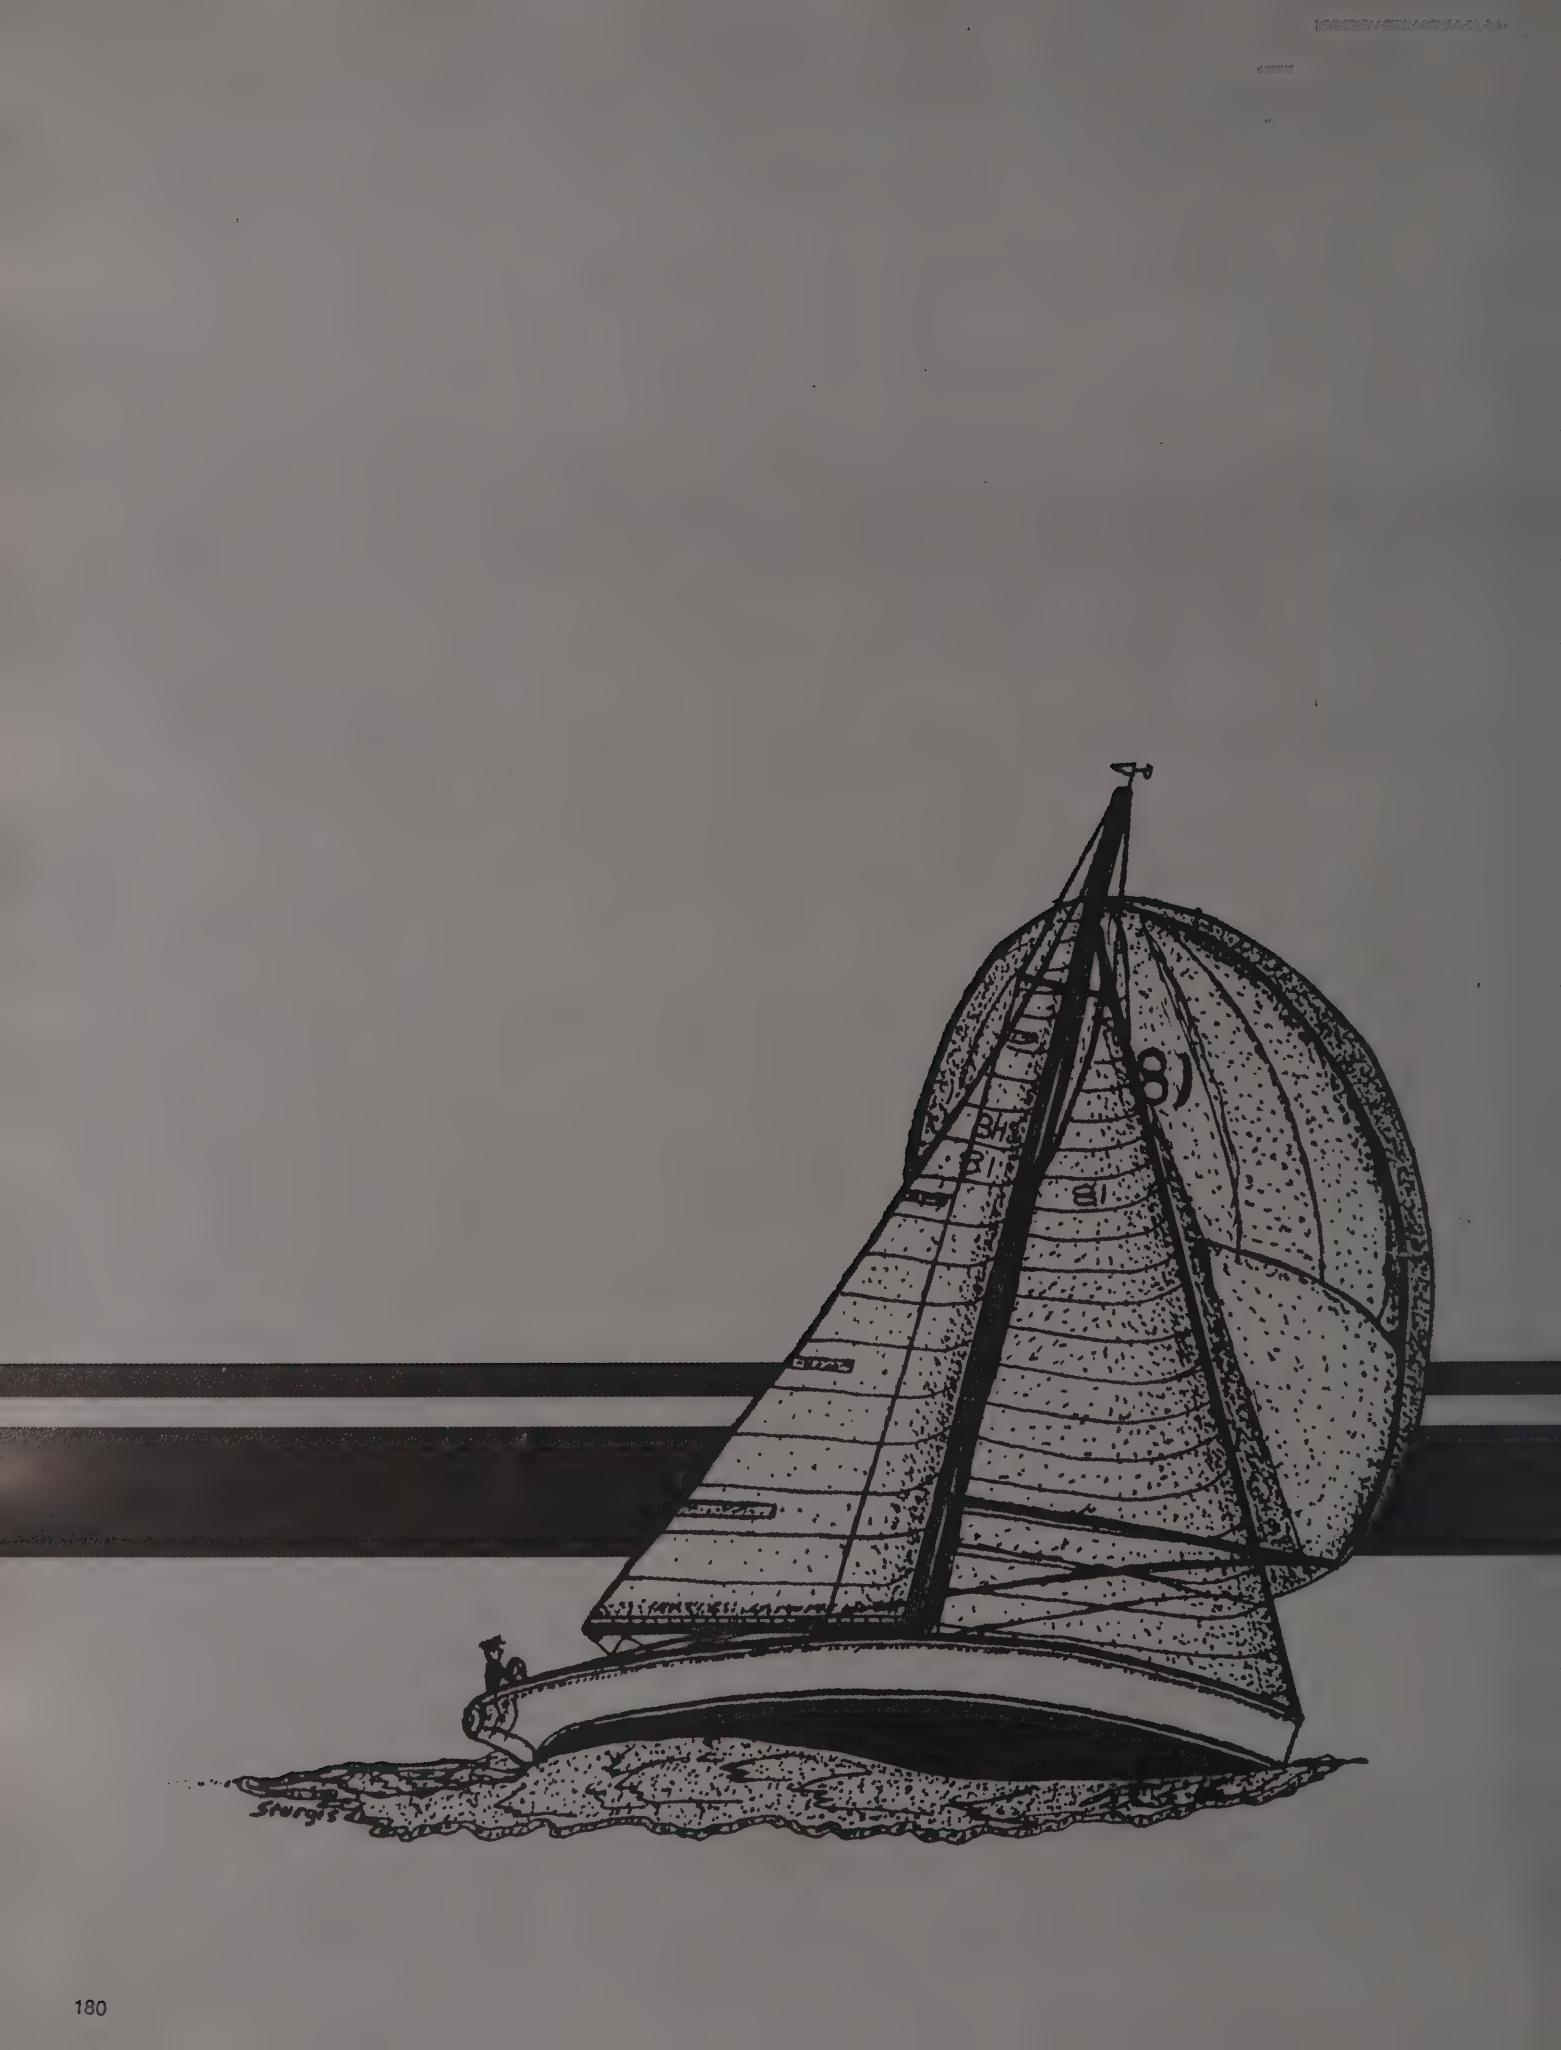

Isn't this forbidden in the hallways? But here are Barry and Michelle hiding in a corner taking a break from the usual hustle of the corridor by enjoying themselves.

## FAST BREAK 1:20

Isn't this a familiar scene? Roseanne, Sally and Steve are trying desperately to convince Mr. Goldman that their pass is real. Good try, but it will never work!

# 1981 JUNIOR MISS

1981 Junior Miss Paulina Amaral

America's Junior Miss Program is a nationwide scholarship program designed to recognize, reward, and encourage excellence in today's young people. The Barnstable Junior Miss Program, one of the many local Junior Miss programs, is sponsored annually by the Key Club, the only Key Club in the country which sponsors such a program. Local program winners advance to the state program to compete for the Massachusetts' state title. The winner of the State title then goes on to compete for the national crown.

The Junior Miss Program is not in any way a beauty pageant. Rather it is a program which seeks the "total" girl, a girl who excels in all aspects — youth fitness, creative and performing arts, poise and appearance, scholastic achievement, perception, ability in human relations, and contributions to the family and the community.

## CLUBS AND ACTIVITIES

# B.H.S. MUSIC

# CONCERT ENSEMBLES

**Concert Choir**

**Concert Band**

Over the past four years, Concert Choir has come to be one of the largest and finest choral groups in Southeastern Mass. At just over 100 members, the choir represents the largest of the musical ensembles at Barnstable High School. Choir members do numerous performances during the year ranging from Rotary Clubs and other civic concerts to state wide music festivals. This year's choir, in particular has a large representation and interest among seniors. The Concert Choir is under the direction of Music Department Chairman, Richard B. Berberian.

The Band program at Barnstable High School, is one of the leaders of instrumental music on Cape Cod, helping to establish the entire music department as a most significant part of the High School Curriculum. Whether it be the marching or Concert Band, Barnstable High School demonstrates an outstanding musical example in group spirit and pride. The Band program is directed by Mr. Mutzenard, assisted by Mr. Anthony Stevens.

# INSTRUMENTAL

The Stage Band is one of the musical groups "open by audition." Stage Band is made up of advanced level players and studies jazz literature, improvisation and technique. The group meets after school and is directed by Mr. Mutzenard.

The Orchestra represents the principle music ensemble that utilizes string instruments as its foundation. Advanced wind and percussion players from the Band serve to round out this versatile group that performs varied literature from major works to contemporary compositions. The Orchestra is directed by Mr. E. Bradford Mutzenard.

# ENSEMBLES

**Chamber Strings**

**String Ensemble**

These two ensembles are the select "String" groups as derived from the Orchestra. Both ensembles explore relative string literature and actively perform in school and other public concerts. Participating members are always known for their outstanding abilities as soloists as well as group performances. These two groups are under the direction of Barnstable High School String specialist, Ms. Jane Ellen Fountain.

## AFS

AFS stands for American Field Service which is a student exchange program operating in over 60 countries of the world. Various programs such as Americans Abroad or Domestic Program are offered to students to participate in for 6 months or a year.

The club holds numerous fund raising functions throughout the year and the money raised goes for student scholarships as well as a short term exchange. Barnstable AFS has gone to such places as Washington D.C., Florida, and Maine.

Additional funds go to hosting a foreign student for a year. This year is a first for a senior class at BHS: 7 seniors have participated in exchanges from Argentina to Torrance, California. This year Graham Spargo is our exchange student from New Zealand.

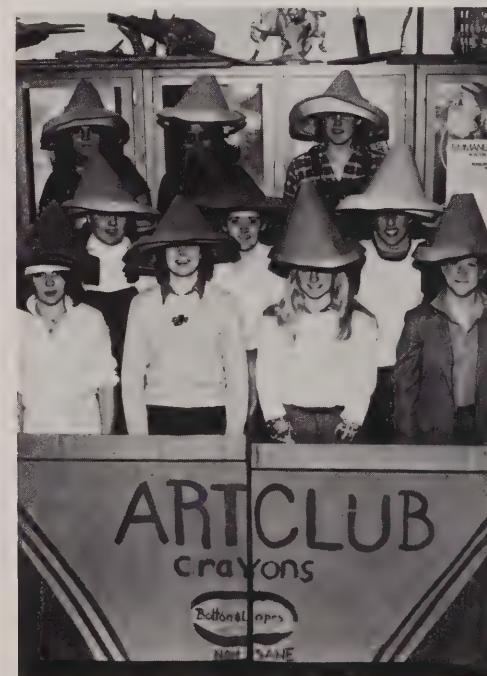

The officers for this year are: Pres. — John Best and Missy Gilmartin, Vice Pres. — Diane Rocheau, Secretary — Marie Milano, and Treasurer — Sean Neath.

**Bottom to Top:** Andy MacInnis, Colin McFarland, Tammy Foster, Melissa Gilmartin, Amy Johnson, Peter Brito, Graham Spargo, Diane Rocheteau, Marie Milano, Kim Jacobson, John Best, Lisa Crocker, Kathy Sullivan, Alice Shea, Alice Werner, Sean Neath, Miss Lahteine, (advisor), Susan Milano, Jorg Sorenson, Tracy Hill, Sharon Rego.

## ART CLUB

Over the past year Art Club has had numerous activities, some of which include field trips to Nantucket, painting windows at Whitehall Nursing Home, holding bake sales, and doing a mini-mural for the school. Our ultimate goal for this year is a trip to New York City. Some active seniors are Co-President Marie-Elena Poyant and Claire McCarthy, Kelly Mason, Ayla Davis, Tammy Foster, Tina Blanke, and Ruth Devine. We offer a special note of thanks to Mr. Ed Bolton and Mr. Carl Lopes, our advisors.

**Bottom to Top:** Kelly Mason, Laura Deveau, Debbie Schneider, Alice Werner, Claire McCarthy, Lana Poyant, Tina Blanke, Robin Holtz, Ayla Davis, and Ruth Devine.

## PHOTOGRAPHY

The Photography Club is composed of members of the student body that have an interest in photography and want to share that interest. Members have varying degrees of skill. Activities include field trips, entering contests, shows, and learning how to market photography.

**Top Row:** Jeff LaRoche, Will Rapp. **Bottom Row:** Betty Ann Barrett, Maria DaLuz, Ms. Brennan, Mrs. Ericson, Beth McSorley, Kathy Sullivan, Tom LaDue.

## IMANI CLUB

## Newspaper Earns Press Award

*Insight*, our school newspaper, has strived to bring us in-depth new stories, entertaining feature articles, pertinent editorials, and thorough sports coverage all year long.

For the past ten years, *Insight* has received either a medalist award or a first place award from the Columbia Scholastic Press Association. *Insight* placed second in the annual contest from Jan. to May, 1980. These awards are the three most prestigious ones given to high school newspapers. Mr. Dienes, the faculty advisor, and the production staff of *Insight* have done a fine job keeping us abreast of the news.

## N.H.S.

The National Honor Society is a national organization composed of many local chapters. Barnstable's chapter is made up of a group of students whose membership is based upon Scholarship, Leadership, Service, and Character.

Members excel not only in academic ability and achievement but also in personal attributes as leaders and in service to their school and community. They also exhibit a unique character: one of determination and motivation.

Throughout the years N.H.S. has symbolized and will continue to symbolize an important part of B.H.S.: a part worthy of honor.

# STUDENT COUNCIL

Charlene Paradise, Debbie Robinson, Jim Mullin, Christine Bumpus, Karen Anderson, Donna O'Neill, Jim O'Neil, Kim Childs, Carrie Shapiro, Julie Pemberton, Tom Munsell, Lisa Blanke, Mary Barry, Tip Clifton, Pam Lackey, Karen Thompson, Kelly Murphy, Pietra Bies, Jeanne Willett, Mr. Thayer, Betsy Chase, Darren Tarr, Tom Sullivan

The Barnstable High School's Student Council has an important role. It doesn't run the school, nor does it cling to the administration. Rather, the Council serves as a microcosm of the entire student body and is therefore always receptive to ideas and suggestions from nonmembers. Through homeroom reps, bulletin notices, a suggestion box, a bulletin board, and a monthly newspaper column, the Council strives to keep open the lines of communication with B.H.S.

Through conventions, joint meetings, and correspondence, the Student Council receives information and insight about other school systems in the state. Council members stand as representatives for all B.H.S. students, speaking and sometimes acting for their peers. Attendance is stressed at meetings to insure that people are doing their jobs.

Pres.: Kim Childs  
Vice-Pres.: Tom Munsell  
Treas.: Tip Clifton  
Corresp. Sec.: Jim O'Neill  
Rec. Sec.: Kelly Murphy

Interested and aware people are urged to run for a position on the Council as an excellent way to get involved in the school's functions and to become aware of the issues facing both students and administration.

Dear Seniors:

Time has gone by so quickly since we started taking photographs for this yearbook last May. We have really enjoyed working with all of you at Barnstable High, whether taking your portrait at the studio or recording your activities at school.

We feel you have given us the opportunity to share in a very important year of your lives and that our lives have been enriched knowing you.

6900,1 We wish you all the best in your future endeavors as you leave Barnstable High. Please come back and see us.
